Dear Valued Customer,

Please help us keep our Free Delivery **FREE!!!**

This has been a great service and we want to keep it going strong. In fact, we will be expanding in a few stores. More details to come...

The problem we run into is that there are a few people who are not home for their delivery. When we re-deliver the item(s), we have twice the expense – especially with today's gas prices.

- Please make sure you are home during delivery times or work out a place we can leave your delivery for you.
- Please try to combine as many orders as possible so we can make fewer trips.
- Call your refills in before 11:00am so we can get them out to you on the same day.
- If you can make it in to pick up your prescription, please come in and see us instead of using the delivery service.

We will have to start charging \$5.00 after the first trip for the same order.

Orders called in after 11:00am will be delivered the next day.

If you have any questions about our delivery service or anything else regarding your pharmacy business, please feel free to give me a call on the owner's hotline at 670-0181. I will personally address your questions or concerns.

Thanks again for your business.
